

DueNorth Everyday Winter Traction Aids

"I am the Area Coordinator for Guiding Eyes for the Blind for the New Hampshire region and am responsible for overseeing the raising of 20-25 puppies that will someday assist their blind partners. I ordered a pair of the DueNorth Everyday slip ons for myself a year ago through a catalog and must say that they have saved my butt, literally, on many occasions. We raise Labrador Retrievers and German Shepherds who need a lot of exercise regardless of the weather, and there has been a lot of ice that has made this a treacherous task. I hope to order several pairs to equip my rasiers so they can safely work and train their dogs."

Debbie Butler

Guiding Eyes for the Blind

"I have the DueNorth Everyday. I LOVE THEM!!! Thank you!!!

I have gotten so that I can put them on and off quickly. That has helped a lot. I can walk my dog on these wintry streets and feel confident.

I find people asking me about them a lot. They are impressed with how sure footed I am! Thank you, again!"

Linda Badurek

Colorado Springs

"If there is an inch of ice, my feet find it. Now I don't worry about falling as my DueNorth Everyday really grip and give me a sense of balance on ice."

Cy Crippen

Westville, IL

"Thank you so much for DueNorth traction aids. I am in my senior years and have always hated to walk on ice. Until DueNorth Everyday. It does everything promised. When I put the grips on my shoes, the fear goes away. I am going to put one of the replacement grips on my cane. There is no stopping me now. By next year- you can bet I will have another set."
